USER MANUAL

ENGLISH PART

Dear Customer:

Thank you for purchasing this LCD TV. When opening the box for the first time, please check whether all the accessories are present. Before connecting parts and power, please carefully read the user manual and always keep these instructions handy and close by your LCD TV.

Remote control X 1   Instruction Manual X 1   AV Cable X 1

Batteries X 2   AC Adaptor X 1   Power cord X 1

Please check the accessories when open the package. If anything damaged or lacked, consult with your local dealer .

Note:
This handling description is printed prior to product development.
When a part of the product specification must be changed to improve operability or other functions, priority is given to the product specification itself. In such instances, the instruction manual may not entirely match all the functions of the actual product.
Therefore, the actual product and packaging, as well as the name and illustration, may differ from the manual.
The screen shown as an example in this manual may be different from the actual screen display.

Your product is designed and manufactured with high quality materials and components which can be recycled and reused.
This symbol means that electrical and electronic equipment, at their end-of-life, should be disposed of separately from your household waste.
Please dispose of this equipment at your local community waste collection/recycling centre.
In the European Union there are separate collection systems for used electrical and electronic products.
Please help us to conserve the environment we live in!

BUILD-IN DVD PLAYER OPERATIONS

The following types of discs can be played on this unit.

| Disc type and logo mark	
DVD	**DVD** VIDEO™
CD	**COMPACT disc** DIGITAL AUDIO

Region Number

Region number (Regional restriction code) is built-in to the unitand DVD video discs.Region number "2" or "ALL" of DVD video discs can be used on this unit.

DVD Video Disc

DVD video discs are divided into titles, and the titles are sub-divided into chapters.

|◄——— Title 1 ———►|◄——————— Title 2 ———————►|

Chapter 1	Chapter 2	Chapter 1	Chapter 2	Chapter 3
There are the marks on some DVD video disc package. Examples:

🔊3	Multiple languages
2	Multi-language subtitles
👤3	Multi-angle
16:9 LB	Multi-aspect
🌐	Region number
CC 🗨	Closed caption

Audio CD Disc

Audio CD discs are divided into tracks.

Track 1	Track 2	Track 3	Track 4	Track 5

CAUTION:

- Only the above types of discs can be played on this unit. DVD-ROM, CD-ROM, CVD, VCD, etc. cannot beplayed.
- This unit can play back the DVD-R that has recorded movie data as well. However, some DVD-Rs cannot be played back depending on the recording conditions.
- The DVD-R that has no movie data cannot be played back.
- The DVD-RW (Video mode) can be played back. However, some DVD-RWs cannot be played back depending on the recording conditions. The DVD-RW (VR mode) cannot be played back.
- The DVD+R/+RW can be played back. However, some DVD+R/+RWs cannot be played back depending on the recording conditions.

Handling, Storing and Cleaning Discs

- Do not touch the disc door while it is moving.
- Never put anything except a 5-inch (12cm) or 3-inch (8cm)DVD (or CD) into the disc in/out slot. Foreign objects can damage the unit.
- Fingerprints and dust should be carefully wiped from the signal surface of the disc (glossy side) with a soft cloth. Wipe in a straight motion from the center to the outside of the disc.
- Never use chemicals such as record cleaning sprays, antistatic sprays or fluids, benzene or thinner to clean the discs. These chemicals will permanently damage the plastic surface of the disc.
- To remove a disc from its storage case, press down on the center of the case and lift the disc out, holding it carefully by the edges.
- Discs should be returned to their cases after use to protect them from dust and scratches.
- To prevent warping the disc, do not expose it to direct sunlight, high humidity or high temperatures for extended periods of time.
- Do not apply paper or write anything on either side of the disc. Sharp writing instruments, or the inks used in some felt-tip pens, may damage the surfaces of the disc.

Basic Playback

"⊘" may appear on the TV screen during operation. This icon means that the function is not available on the disc now.

Preparations

1. Turn on the TV and press [SOURCE] to select the input source as "DVD",
2. Select the desired language for the on-screen menus if required.
3. Insert the disc (label facing toward you) to the disc in/out slot (side panel) until it clicks.

It starts to playback automatically from the first file/track/chapter.

Stopping Playback

[CD]
Press [► II] to stop the playing back disc temporarily, press this button again to resume playback.

[DVD]
Press [■] once to stop the playing back disc temporarily.
Press [■] twice to stop the playing back disc completely.
Various disc playing functions

Selecting a DVD menu

Notes:
•The operation may differ depending on the disc used.
•Selecting a menu may not be possible on some discs.

1. Press [DISC MENU] during playback.
   The main menu screen will appear.
2. Press [▲], [▼], [◄] or [►] (or the number buttons) to select the desired menu.

3. Press [OK]. The selected menu playback starts.

Chapter (Track) Skip

Skipping forward

Press [►►|] during playback to skip to the next chapter (or track).
"►►|" appears briefly on the TV screen.
A chapter (or track) is skipped each time the button is pressed.

Skipping backward

Press [|◄◄] during playback to skip back to the beginning of thechapter (or track) currently played.
"|◄◄" appears briefly on the TV screen.
Press the button again immediately to skip back to the beginning of the previous chapter (or track).

Note:
You can skip only through the chapters, not over the title on the DVD disc.

Title search [DVD]

Press [GOTO], the on-screen scroll-down menu for edit.
Press the number buttons to enter the title number.
Example:
> T: 01/01   C: 01/15

Repeat playback

Press [REPEAT] during playback (or programmed or random playback) of the title (or track) you want to repeat.Each time the button is pressed, the repeat mode will be changedas follows.:
[DVD]

If you want to...	Press [REPEAT] ...
Repeat chapter (↻ CHAPTER)	Once
Repeat title (↻ TITLE)	Twice
Repeat all (↻ ALL)	Three times
Repeat off	Four times

[CD]

If you want to...	Press [REPEAT] ...
Repeat current track	Once
Repeat all tracks	Twice
Repeat off	Four times

Designated Range Repeat Playback(A-B Repeat)

Point A   Point B

1. Press [A-B] during playback at the beginning of the section you want to repeat (Point A).
   •"↻A" appears on the TV screen.
2. Press [A-B] again at the end of the section you want to repeat (Point B).
   •"↻AB" appears briefly on the TV screen.
3. To return to normal playback, press [A-B] again.

Selecting Subtitle Language [DVD]

This operation works only with discs on which multiple subtitle languages are recorded.
Press [SUBTITLE] repeatedly during playback until the desired subtitle language appears on the TV screen.
Example:
> SUBTITLE 01/03 ENG

Selecting Audio Soundtrack Language(Multi-Language) [DVD]

This operation works only with discs on which multiple audiosoundtrack languages are recorded.

Hello!   Holà!   ¡Hola!
Press [AUDIO] repeatedly during playback until the desired language appears on the TV screen.
Notes:
• When the desired language is not selected even if the button is pressed, the language is not available on the disc.
• When the power is turned on or the disc is replaced, select the language again.
• If the language is not recorded on the disc, only the available language on the disc will be heard.

Selecting On-Screen Information

Press [INFO] repeatedly to show the disc information(Title, Chapter, Title elapsed playing time, Language, etc.).

KODAK Picture/JPEG CD Playback

With KODAK Picture CD, it is easy to turn film into pictures you can email from your PC and view on the unit.
Just bring your film in for processing, and check the box for KODAK Picture CD.
You will get back your prints and negatives as usual - plus you will get a special CD that contains your pictures along with software that lets you view, enhance, share, and print your pictures from your PC and view them on the unit.
You can also view digital images from JPEG files on disc created by your PC.

To start the slide show from the thumbnail pictures:

1.Press [▲], [►], [▼] or [◄] to select the desired picture.
• To go to the next or previous thumbnail pictures, press[►►|] or [|◄◄].
2. Press [OK] or [►] (Play) to start the slide show from the selected picture.

During the slide show:
•Press [II] to pause. Press [►] (Play) to continue.
•Press [►►|] or [|◄◄], it skips to the next or previous file.
•If the picture appears upside down or sideways, press [▲], [►], [▼] or [◄] to flip / rotate the picture.

MAINTENANCE

> **WARNING:**
> **FOR YOUR PERSONAL SAFETY, BE SURE TO DISCONNECT THE AC POWER CORD BEFORE PROCEEDING WITH ANY MAINTENANCE OR CLEANING.**

Cleaning the LCD Panel

The LCD panel should not be toughed with sharp objects. If dust and fingerprints is on the LCD panel surface, wipe them off with a clean soft cloth.
Wipe in a straight motion from the center to the outside of the LCD panel.
Never use chemicals such as record cleaning sprays, antistatic sprays or fluids, benzene or thinner to clean the LCD panel.

Cleaning the Main Unit

Clean the outside of the unit with a clean soft cloth moistened with luke-warm water. Do not use benzene, thinner or alcohol since they will mar the finish of the surface.

TROUBLESHOOTING

Symptom
  Possible cause
    Corrective active

No Picture and sound.
  Power cord is not correctly connected with the main unit.
    Connected the power cord with the main unit.
